HERE FROM DOUGLAS.—J. S. Douglas, a well known business man and banker of Douglas, who is also a director in the Phoenix National Bank is in the city on business.

ENTERTAINMENT COMMITTEE.—On Monday at 4 P. M. the special committee having in charge the entertainment of the California visitors to the fair, will meet in the board of trade rooms.

ARIZONA BENCH SHOW.—For the benefit of all those who desire to exhibit their aristocratic canines at the territorial fair, announcement is made that their dogs may be entered any day, by applying at Eddie Doyle's cigar stand on Central avenue. The superintendent of the department, W. J. Freed, may be found there in the evening by those who desire to see him personally, but dogs may be entered at anytime, either during the day or in the evening.

NEW IMPROVEMENTS FOR COLISEUM.—Manager Reeves of The Coliseum is adding notable improvements to his popular house by having the interior repainted, and has just lately finished flooring the entire place and laying carpets in the aisles, thereby making it much more sanitary than when the dirt floors were used. In addition a large force of men has been busy for the last few days installing five hundred new opera chairs in the reserved section, which now makes the patrons as comfortable as it can be possible to make them. This consideration for their comfort will be appreciated, and will no doubt increase the already large attendance which that house is now enjoying.

CANAL RUNS.—The canal runs today on the north side will be as yesterday, canals all full.

TRAINLOAD OF CATTLE.—A train load of stock for winter pasture, shipped from Holbrook to the Bartlett Heard company was expected to arrive last night.

DETROIT VISITOR.—W. B. Burroughs of Detroit Michigan, passenger agent of the Rock Island railroad in that city, arrived here Wednesday night for a few days visit with his sister, Mrs. L. M. Darby.

LUNCHEON POSTPONED.—The real estate men of this city have a call out for a luncheon at the Ford hotel today at noon. The Republican is asked to announce that it has been postponed until Monday noon.

JEWELRY ARTISTS.—Two men, suspected of being in the phony jewelry business, were arrested yesterday by Officer Dan Hosmer. They will have a chance this afternoon to explain matters to Recorder Thomas.

MORE HORSES.—Mention has been made of the arrival here of William Durfee's string of fast horses. It is understood that the stable of his father also arrived last night. The elder Durfee is also a notable horseman of the old school and was a fair visitor last season when he made a great many friends here who will be pleased to see him and his horses again this year.

MORE RAIN.—The clouds of yesterday at an early hour this morning, finally liberated their contents sufficiently to cause a series of heavy showers between that time and daylight, that in the aggregate made a pretty lively rain. The plan of the fair commission is to writing out the clouds sufficiently at this time to insure fair weather during Arizona's greatest all-territorial show.

WAS DOWN AND OUT.—In a row on Washington street last night about 10:20 between J. M. Sullivan and Gus Knecht the latter landed a blow that put his antagonist down and out. Sullivan was carried to the police station and it was more than two hours before he regained consciousness. Knecht was arrested later in a restaurant by Officer Carr. A charge of assault and battery has been preferred against him.

STRAWBERRY MEN, ATTENTION.—W. S. Goldsworthy general agent of the Santa Fe knows all about everything in the world except the strawberry business. That is his one weak point and just now it is exasperating for it is the one thing he desires to know most about. He has received inquiries concerning strawberry culture hereabouts that he much desires to answer and candidly admits that he is without sufficient data to do so satisfactorily. If the strawberry growers of this valley will call at his office and spend a few minutes or a few hours telling him things, his happiness will be complete.

THIS SOUNDS GOOD TO PHOENIX PEOPLE

Los Angeles and San Diego Will Each Send Large Delegations to This City.

LOS ANGELES, Oct. 26.—Progress is being made in securing names of business men who intend to go on the chamber of commerce excursion to Arizona. Considerable rivalry exists between Los Angeles and San Diego as to which city will send the largest delegation. San Diego so far has a list of 125 which is scheduled to arrive in Phoenix one day in advance of the Los Angeles excursionists. The Los Angeles party will start November 8, at three in the afternoon, via the Southern Pacific, returning the following Sunday via the Santa Fe.

COMFORT IN THE AIR.

The German passenger-carrying airships already rival the ocean steamers in the elegance and comfort of their cabin. The "Schaben," the new Zeppelin airship, carries twenty-four passengers and a crew of nine airmen. The metal work of the interior of the cabins is covered with mahogany, while even the ceiling panels and other inlaid parts are finished in the same expensive wood. The ceiling beams and the pillars of the cabin are inlaid with mother-of-pearl. The floors are thickly carpeted. The chairs and tables are of wicker-work to economize weight. While dinner is served in this luxurious cabin, the passenger enjoys an uninterrupted view through the broad plate glass windows. The regular daily trips are two hours in length, but the airship often is chartered for a longer air journey.

SPENT NIGHT AT U. S. I. S.

Official of Interior Dept. Arrived Last Night

WILL MEET PUBLIC TODAY

Open Conference in Assembly Room of Water Users Building at 2:30 o'clock. They Leave for Yuma Tonight.

Samuel Adams (assistant secretary of the interior and the gentlemen accompanying him on his tour through Arizona, arrived at the Indian school last evening between 5 and 6 o'clock, and spent the night there. In the party, beside the local men, are Mr. Valentine, commissioner of Indian affairs, and F. H. Newell, director of the reclamation service, and an engineer who accompanies the party in an advisory capacity.

The party left Tucson early yesterday morning, motored through Mesa City via Granite Reef to Fort McDowell; circled that reservation and came to the Indian school by the Arizona canal route, through the orange growing section of the upper valley. They were welcomed at the school which felt honored to entertain them for the night and which gave them a fine opportunity to study its discipline and organization. So far as known none of the gentlemen came to Phoenix last evening.

This morning the party will be brought to Phoenix by Engineers Hill and Fitch, calling at the capitol, the reclamation and water users' offices and other places with which they may have business or which they may desire to visit.

At 12:15 there will be an informal luncheon at the board of trade, at which all the members of the party will be invited guests, the board serving as host.

At 2:30 o'clock as announced yesterday, the visitors will meet with the members of the board of governors, the council, and officers of the water users' association, in the assembly hall of the U. S. I. S. building. The meeting will be a public one and all who desire to attend may do so whether members of the association or not. It is expected there will be a number of short addresses, though it is to be a reception rather than an occasion for extended oratory.

The people of Phoenix would gladly extend more ceremonious hospitality but the time of the visitors is short and it is necessary for them to resume their travels tonight. They go from here to Yuma.

WAR WILL GO ON.
BERLIN, Oct. 26.—Constantinople advices state that reports of recent battles with Italians at Tripoli have ended for the present any chance for mediation. The Turkish government has swung over to the idea of continuing the war.

ROME, Oct. 26.—All reports of a possibility of an armistice with Tripoli are discredited in official circles, which affirm on the contrary that Italy intends not to cease military operations until Tripoli is wholly conquered.
